# City Tacos To Open 2 New Locations in San Diego

By [San Diego Entertainer](#) | March 6, 2019

Another City Tacos?! That's right! [City Tacos](#) has turned up the heat on innovative, delicious and unique bites since opening in 2014, and the Southern California taqueria is set to open two new locations in San Diego. Plus the two brand-new spots are inviting locals and visitors to try tasty tacos by offering a **FREE** taco to the first 200 guests on the restaurant's opening day.

### *ENCINITAS*

City Tacos has turned up the heat on innovative, delicious and unique bites since opening in 2014, and the Southern California taqueria is set to open their third restaurant in Encinitas in March

Currently located in both San Diego's North Park neighborhood and in the heart of La Mesa, the beloved taco spot is expanding north to the Encinitas Lumberyard Shopping Center on Coast Highway 101. A wrap-around patio spanning over 1,000 sq. feet, allowing for plenty of room to dine outdoors, cozy fire pit and foosball tables are a few of the exciting features to be found at the new spot.

While City Tacos Encinitas will serve locals and visitors many of the same core menu items as North Park and La Mesa, this spot will also feature items specific to the community. Along with hosting lively Taco Tuesdays with video DJs and upbeat music, beer and wine will be available at the North County location, and healthy options will be served, including ceviche and tostadas.

Be sure to keep an eye out for the opening day announcement, so you can be the first to check out City Tacos' newest spot and score a free taco! The new spot is located at *1031 S Coast Hwy 101, Encinitas, CA 92024*.

### *IMPERIAL BEACH*

With locations currently in San Diego's North Park neighborhood and in the heart of La Mesa, the beloved taco spot is partnering with **Mike Hess Brewing** to open a dual eating and drinking spot, just steps from the sand in Imperial Beach. Equipped with both indoor and outdoor seating, this casual setting looks to be the newest beachside hangout.

Each City Tacos location is dedicated to combining traditional recipes with SoCal flavor to make one-of-a-kind menu options. The new Imperial Beach location will serve locals and visitors many of the same core menu items as North Park and La Mesa and will also feature items specific to the community. Appetizers, breakfast items such as **Chilaquiles** and benedicts, and tostadas will all be available. And all bites can be paired with delicious beers on tap from popular Mike Hess Brewing!
